1 Introduction and aims

- 1.1 This policy relates to adults and children who are being or are at risk of being abused or neglected. RBH (Rochdale Boroughwide Housing) believes that living a life free from harm and abuse is a fundamental right of every person and that safeguarding those at risk of abuse is everyone's responsibility.
- 1.2 The aims of the policy are:
- To outline the role and responsibility of RBH as a housing provider
 - Raise awareness about the abuse and neglect of people at risk.
 - Develop a culture that encourages people to raise concerns.
 - Respond promptly where abuse does happen, to make the necessary referrals and engage the appropriate authorities, to stop the abuse continuing, ensuring the person harmed receives effective support.

2 Context

- 2.1 This is an over-arching policy, applying across our business. We have working practices in place that help to us identify the signs of abuse and enable us to take action that is proportionate, focused on prevention and that offers protection for those most in need. Our approach is governed by the principles as set out in the Care Act (2014) and focuses on our role as a partner delivering local solutions in so far as our role as housing provider allows.

2.2 Consumer Standards

[Neighbourhood & Community Standard](#)

Local co-operation

Registered providers must co-operate with relevant partners to promote social, environmental and economic wellbeing in the areas where they provide social housing.

Anti-social behaviour and hate incidents

Registered providers must work in partnership with appropriate local authority departments, the police and other relevant organisations to deter and tackle anti-social behaviour (ASB) and hate incidents in the neighbourhoods where they provide social housing.

Domestic abuse

Registered providers must work co-operatively with other agencies tackling domestic abuse and enable tenants to access appropriate support and advice

[Safety & Quality Standard](#)

Health and safety

When acting as landlords, registered providers must take all reasonable steps to ensure the health and safety of tenants in their homes and associated communal areas.

3 Values

3.1 The policy fits with the mutual values of RBH:

Putting People First: We tailor our services to the needs of our customers. We do this by listening with empathy and responding with compassion. We make it easy for customers to access our services and have the knowledge and understanding to be able to access the support and assistance our customers may need to keep them safe.

Doing What We Say: We will be open and honest with customers and earn trust through honesty, integrity and keeping our promises.

Working As One: We will work with customers, partners and all RBH departments to look at mutually acceptable outcomes with to deliver positive outcomes for the people living in our homes.

Delivering Quality: We invest wisely in our people and make it easy for them to deliver services to keep our customers safe and ensure they can help them access the support they may need.

Open & Transparent: We are open and honest with our customers about what we can offer. We are curious, we embrace diverse ways of thinking and seek feedback to help us improve.

4 Policy Statement

4.1 RBH is required to co-operate with and provide information to the local authority in relation to the safeguarding of children and adults as outlined in legislation. These Acts set out arrangements that local authorities and their partners should have in place to reflect the importance of safeguarding and promote the welfare of children and adults.

4.2 Whilst we do not have any direct statutory duty under these Acts, we have a key safeguarding role to play alongside colleagues in social care, health and the Police. Our role as a housing provider means we are well placed to be proactive, identify people who have care and support needs and recognise where there is risk of harm. We will share information and work in partnership to co-ordinate responses to keep people safe.

4.3 All employees, agency workers and contractors are responsible for safeguarding. This includes sharing information and raising alerts. We will do this by:

- Ensuring everyone is aware of our safeguarding policy and know how to raise a concern. Case-holders will manage cases and refer to statutory services as appropriate.
- All other colleagues will raise an alert via a monitored email inbox - safeguarding@rbh.org.uk.
- Any urgent concerns are immediately reported to GMP on 999 and the RBC Duty Desk.
- Ensuring RBH has a designated Safeguarding Lead. They are responsible for ensuring the organisation is kept up to date with legislative changes and can offer advice to colleagues.

- Operational Safeguarding Champions exist within all RBH teams and help to embed a strong culture of safeguarding as 'Everyone's Responsibility' across the mutual.
 - Providing mandatory safeguarding training to all colleagues.
- 4.4 RBH will share information for the purposes of safeguarding and respond to requests for information from the local authority and multi-agency safeguarding partnerships.
- 4.5 RBH will report concerns of abuse and neglect to the Local Authority. In most cases this will be done with consent unless they lack capacity or there is an overriding risk. Where someone is in immediate danger or discloses abuse that is a criminal offence, we will report this to the Police.

5 Monitoring

- 5.1 We will fully participate with any Safeguarding Adults Reviews (SARs) that involves a tenant or occupant. We will review our practices and identify what is helping us to deliver safeguarding effectively, tackle barriers to good practise and identify risks.
- 5.2 Everyone is responsible for ensuring safeguarding matters are reported correctly and that safeguarding is effectively managed. RBH will carry out internal audits of a minimum of 10% of cases per case-holder every quarter. A proportion of these will be subject to a second-tier audit from the Designated Safeguarding Lead. Following that any learning or improvements will be implemented.
- 5.3 Performance in respect of Safeguarding will be reviewed by Customer Services Committee on an annual basis including:
- Volume and type of cases
 - Evaluation and outcome of investigated cases with lessons learnt

6 Review

- 6.1 All RBH strategies, policies, service standards and procedures are reviewed on a regular basis to ensure that they are 'fit for purpose' and comply with all relevant legislation and statutory regulations.
- 6.2 This policy will go through the full policy approval process every 3 years and will undergo a desktop review annually. This is to ensure that it is fit for purpose and complies with all relevant and statutory regulations.

7 Links with Other RBH Documents

- 7.1 This policy links to the following policies and strategies:
- RBH Anti-Social Behaviour Policy
